Participants**

### **Program Overview:**

This program is designed to focus on the strategic thinking and leadership behaviors that a high-performance organization needs for a successful long-term future. The program will delve into more strategic visionary leadership that focuses to deliver real value to organizational customers. This will enable organizations to strive to improve every aspect of the business, as participants will be made to understand the process of creating value and the execution to bring that value into reality. In this course, participants will discover how to move from transactional management to transformational leadership. Real strategic management requires that managers and leaders at all levels create the mind sets and behavior's that are needed to transform the organization from its existing paradigm to the new strategic paradigm that the vision sets forth.

### **For whom:**

This program is designed for senior and middle level managers and senior executives who are looking to sharpen their analytical skills, Team Leaders / Managers taking on a more senior and strategic role in their organization. Middle/Senior Managers wanting to refresh their thinking and gain confidence in the use of strategic management tools.

### **Learning objectives:**

At the end of this program, participants will be able to:

- develop and follow a strategic road map through a clear vision and statement of strategic intent;
- identify the competencies and capabilities of strategically agile and effective organizations;
- compare their own strategic leadership style, and the styles of others; and
- effectively prepare, motivate and guide their organization, unit or team towards the vision.
