Program overview:

This course provides a structured approach to auditing within the hotel and hospitality industry, covering compliance, operational, and financial management aspects. Participants will gain essential auditing skills to assess financial integrity, operational efficiency, and regulatory adherence in hospitality businesses. Through practical case studies participants will acquire the necessary skills to enhance transparency, reduce financial risks, and improve overall business performance in the hospitality sector.

For Whom:

This course is designed for hospitality managers, internal auditors, financial controllers, and professionals responsible for ensuring compliance, operational excellence, and financial accountability in hotels and related businesses.

Learning objectives:

At the end of the program, participants will be able to:

- explore the industry regulations, legal requirements, and ethical standards to ensure adherence to local and international hospitality laws;
- evaluate hotel operations, guest services, inventory control, and process efficiency to optimize performance and cost-effectiveness;
- analyze financial statements, revenue management, fraud detection, and internal controls to safeguard assets and enhance profitability;
- identifying potential risks, implementing effective control measures, and improving audit preparedness; and
- developing audit programs, conducting fieldwork, and reporting audit findings with actionable recommendations.

Course outline:

Day 1: Introduction to Auditing in the Hospitality Industry

- Overview of auditing: Purpose, scope, and importance in hospitality
- Key auditing standards and frameworks applicable to the hotel industry
- Types of audits: Compliance, operational, and financial
- Regulatory requirements and industry best practices
- Internal vs. external audits: Roles and responsibilities
